

Thank you for choosing VS-Shop, we appreciate your decision to partner with VS-Shop for your scripting needs. ***Keep in mind that running this script will uninstall Pterodactyl Panel, NGINX Web-Server, and Wings Configuration entirely from your server.***

Running the Script:

1. Upload the **Pterodactyl-Remover** file to your VPS/Dedicated Server.
2. Grant execution permissions using the command: **sudo chmod +x <path/to/your/Pterodactyl-Remover>**
3. Execute the script by running: **./Pterodactyl-Remover**
4. Follow the instructions on the screen to proceed.
5. If you've utilized our script to install the Pterodactyl Panel, you will receive a prompt to delete the database. The database credentials are as follows:

Username: pterodactyl

Password: password-chosen-upon-installer-script-usage.

Database Name: panel

Support:

For any assistance with the removing process and/or any questions, please do not hesitate to contact us at support@v-scripts.com, or at [VS-Shop Contact Support Page](#)

We value your choice and anticipate the opportunity to support your scripting requirements effectively.
