Thank you for choosing the NeoForge Server Installer, proudly brought to you by VS-Shop. Your support means a great deal to us! To get started with the script, please follow the steps outlined below:

Step 1: Upload the script (`NeoForge.sh`) to your preferred Ubuntu server.

Step 1.2: Convertscript to unix type by executing: `dos2unix /NeoForge.sh`

Step 2: Grant the script executable permissions by running the following command:
`chmod +x /NeoForge.sh`

Step 3: Execute the script with elevated permissions using:
`sudo ./NeoForge.sh`

We appreciate your trust in our tools and look forward to your success with your NeoForge server!
